

Seeking volunteers willing to plant Zinnias at an adopted location (flowers will be provided) and tend to the location throughout the summer.

This can be a family, individual, civic, religious, political or charitable group.

Below is the list of locations. Please submit a request to the Zion Township Office (info@Ziontownship.org or 847-872-2811) and identify the location, if you have a preference. We will contact you!

Planting day will be on Wednesday, May 22nd from 2:30pm til 7:30pm, with Thursday, May 23rd as a rain date, and May 29th as the backup back up planting date!

Note: if you can't make the planting date, don't let that stop you from volunteering, we will accommodate you. We are seeking watering volunteers to fill in for people on vacation!
